

A series of flowing, wavy orange lines with a glowing, ethereal quality, interspersed with small white and orange particles, creating a sense of motion and energy across the dark background.

# APTIV OVERVIEW

• APTIV •

We are a global technology company that develops **safer, greener and more connected** solutions, which enable the future of mobility.

• **A P T I V** •

# Our Mission

DELIVERING SOLUTIONS TO OUR CUSTOMERS TOUGHEST CHALLENGES

SAFE

A society that sees zero fatalities, zero injuries and zero accidents

GREEN

Zero Emissions: Minimize the vehicle's total lifecycle environmental impact

CONNECTED

Seamless integration between the car, its passengers, and the world around it

• **APTIV** •

# Aptiv Overview

**180,000+** EMPLOYEES

**18,200+** SCIENTISTS, ENGINEERS AND  
TECHNICIANS

## Advanced Safety & User Experience (AS&UX)

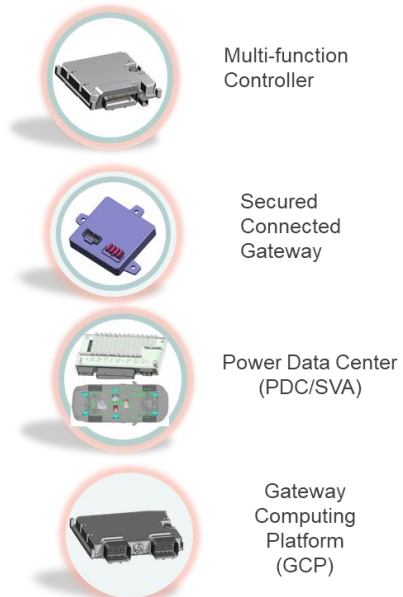

### Safety Electronics

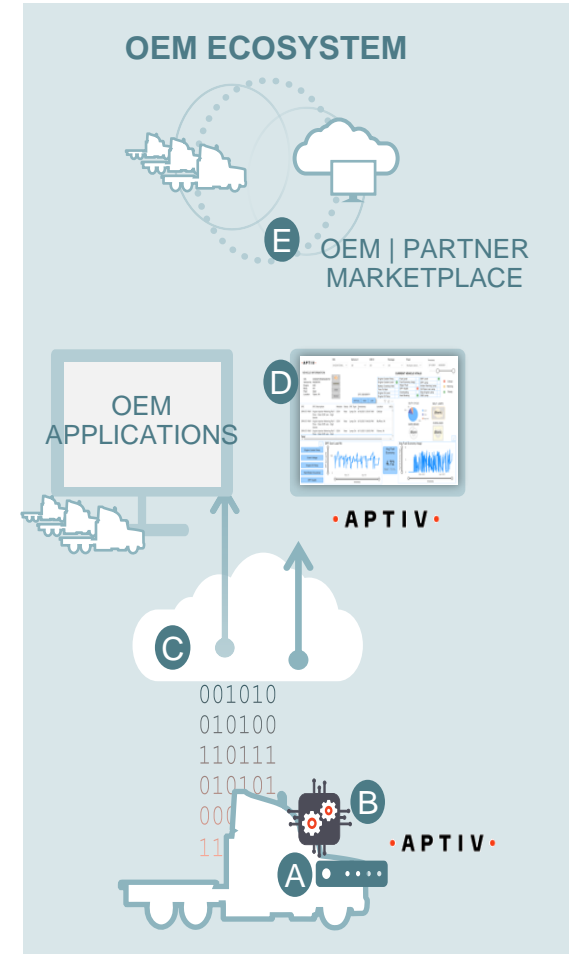

### User Experience

### Connectivity and Security

## Connected Services

- EP1000
- EP2000
- EP150
- Qualifier
- AC Dash
- AC Graph

- ADAS Validation
- Camera & Video Solution

• APTIV •

# Electric Vehicle Product Portfolio

## Electrification product segments

### High Voltage Wiring harness

**Applications:**

- Connects Devices
- Power Transmission

### High Voltage Power Conversion

**Applications:**

- Inverter
- Drive motors
- Motor Generator Unit
- Battery Output

### Chargers & Charging Cables

**Applications:**

- Charging cord set
- Mode 3 cable assemblies

### High Voltage Auxiliary Modules

**Applications:**

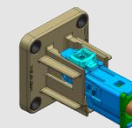

- DC converter
- Charger
- Air conditioning
- Heater
- Coolant heater control

### Internal Battery Connections

**Applications:**

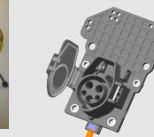

- Manual Service Disconnect (MSD)
- Battery cell interconnects
- Battery management

### Charging Inlets

**Applications:**

- SAE J1772
- IEC Type II
- GB-T
- Combo 1/Combo 2 fast charge
